SUPPLEMENT TO
REPORT NO. 25X1X

1. The Yugoslav coastal artillery is subdivided into groups of which there are at least fifteen. The group command headquarters known to date are located at Kotor, Korcula and Pulj. The entire Adriatic area is subdivided into zones of which there are at least fifteen.
2. The former naval arsenal in Tivat is currently known as the Remontni Zavod. Lt. Col. Hrvoje Culic is commander. Stanislav Puncuj (formerly had the German name of Bundschuh) is the chief engineer.
3. The staff headquarters of the 77/377 anti-Aircraft Regiment is in Belgrade. Each battalion has three batteries, and each battery is equipped with four Soviet guns. The battalions of the regiment are listed at the following locations:
 - a. One battalion near the astronomical observatory on the eastern side of Belgrade, on the slopes of the hill east of the Central Cemetery.
 - b. One battalion at Banjica, where the military training camp is located. The battalion is situated south of the Mladenovac highway.
 - c. One battalion at Banjica near the Zemun airport.
